

## **Checkfluid Inc. Quality Policy**

Checkfluid is committed to providing high quality Oil Sampling Valves and related products and services. In pursuit of this we are dedicated to the following quality principles.

### **Customer Focus:**

Checkfluid has made a commitment to understand our current and future customers' needs, meet their requirements and strive to exceed their expectations.

### **Leadership:**

Checkfluid's leadership team is committed and accountable to maintaining compliance with all ethical, statutory, regulatory, legislative and contractual requirements. We strive to use our ISO 9001:2015 structured quality management system to provide products, services and activities that meet the needs and requirements of our customers and any interested parties.

### **Engagement of People:**

Checkfluid encourages our people to learn and grow by training, empowering and providing the necessary resources for success. Health, safety and the wellbeing of our people is also critical. Healthy, competent and engaged people are needed to help customers and contribute to the success of the company.

### **Process Approach:**

Checkfluid will organize our activities into interconnected processes to produce the right product, at the right time and the right price while seeking to maximize efficiency and deliver outstanding customer service. Our processes will be planned, implemented, analyzed, improved and documented in a quality management system which meets the requirements for ISO 9001:2015.

### **Improvement:**

Checkfluid is committed to the continuous improvement of our products, services and processes. We will set clear quality objectives and monitor our progress towards their successful achievement.

### **Evidence Based Decision Making:**

Checkfluid will measure our performance, conduct experiments and use the data to analyze opportunities, manage risk and make effective decisions on how to improve our products, services and processes.

### **Relationship Management:**

Checkfluid is committed to developing long term cooperative relationships with our customers, suppliers, and partners based on understanding each other's needs and being open and honest. We will work with our suppliers, customers and partners to improve quality, reliability, service and efficiency.
